

# PRESIDENT TO SEE COTTON GROWERS

## Conference Arranged to Discuss Problems—Many Visitors at White House.

Problems facing the cotton growers of the country will be discussed with the President Saturday morning by a delegation representing the American Cotton Growers Association, headed by J. S. Wannamaker of South Carolina, president of the association; Harry Jordan of Georgia, chairman of the directors of the association; and former Senator Hoke Smith of Georgia.

Senator Smith called at the executive offices today to arrange for the conference, which had been previously suggested by Secretary of Commerce Hoover, who conferred with the delegation today, that they acquaint the President with the details of the present conditions in the cotton states.

One of the principal features of the problem to be discussed is the extension of long-time credits to the cotton men. This matter has previously been brought to the President's attention and was discussed at some length during his last cabinet session.

**Pay Check Arrives.**

Probably the most welcome visitor of the many thousands who have called at the White House since March 4 was received today, when Miss Katherine Shea, an employee of the Treasury Department, brought with her President Harding's first presidential pay check. The little slip of official Treasury Department paper called for the payment of \$5,208.41. Ordinarily the President's monthly pay check would call for \$6,250, but this month regular "doctored" for the three and one-half days Mr. Wilson served as President.

President Harding yesterday afternoon received and shook hands with 350 school teachers from Buffalo, N. Y., and more than 600 girls from preparatory and high schools in New York, New Hampshire, Connecticut and Minnesota. Because of the time consumed and the lateness of the day, when the last girl fled through the President's office he was unable to receive at least 600 more who were waiting outside.

Mr. Harding has during the past ten days received more than 3,000 preparatory, high school and college girls and teachers from various sections of the country who have visited Washington during the Easter holidays.

**Boyhood Friend Calls.**

D. M. Virtue of Gallion, Ohio, a boyhood friend of President Harding, "dropped in" on the President at his office late yesterday afternoon and for nearly half an hour talked over old times. Mr. Virtue, who served several terms in the Ohio state legislature, is prominent in politics in that state, and took an active part in his party's fight last November.

President Harding yesterday discussed generally affairs in Latin America with Dr. L. S. Rowe, director general of the Pan-American Union.

# GEN. MARCH MAY SELECT HIS OWN NEW COMMAND

## Much Interest Aroused in Army Circles in Assignments Which Will Be Available.

On the presumption that Maj. Gen. Peyton C. March is to be relieved shortly of his present duties as chief of staff at the War Department there is speculation as to his prospective assignment to duty. It is generally considered probable that he will have command of one of the nine corps areas, but there is considerable difference of opinion as to which particular one.

The only one in which there is a vacancy at present is the 8th Corps Area, with headquarters at San Francisco. That command was vacated a year ago by the late Maj. Gen. William H. B. Smith, who was promoted to the rank of major general. Other similar commands will become available, however, in a short time through the retirement of Maj. Gen. Leonard Wood in a few months to enable him to accept the presidency of the University of Pennsylvania.

Among the other high commands soon to be available are the Panama Canal Department, commanded by Maj. Gen. W. H. B. Smith; the Hawaiian Department, commanded by Maj. Gen. Charles G. Merton; and the command of the American forces in Germany, now under the command of Maj. Gen. Allen D. Soper. Maj. Gen. Allen already has exceeded the usual term of foreign service, it is not considered probable that he will be relieved of his present command unless the troops are to remain in the Rhine country beyond the present year.

It is estimated in high circles that Gen. March will be asked to indicate his preference among the available assignments.

# W. C. T. U. ENTERS DENIAL

**Corrects Report of Crusade Against Tobacco and for Blue Laws.**

To the Editor of The Star:

In your issue of March 21 appeared an article headed "Woman's Christian Temperance Union Fight Tobacco and Sunday Laxness." This article, which first appeared in the Chicago Tribune, and which seems to have been quoted all over the country, states that the Woman's Christian Temperance Union was about to launch a campaign against tobacco and in favor of the so-called "blue laws" for Sunday observance.

Quite a number of the members of the union were given, all of which were utterly false in spirit and in letter, save that the fact that following the custom of many years standing the National Woman's Christian Temperance Union has issued a call for its annual "day of prayer" for the better observance of the Lord's day by Christian people, for which we have been pleading since there has been a Woman's Christian Temperance Union, as we have also advocated a day of rest for working people.

It is well known that since its inception the Woman's Christian Temperance Union has been teaching to the young the effects of the carnal human system, and has been trying, in common with the educators and physicians, to stop its use by the immature. We have also deeply deplored the use of cigarettes by our girls, but that we are entering on a campaign on either of these subjects is absolutely false.

We are in a membership campaign, since our program of work in Americanization, child welfare, social morality, Christian citizenship and kindred subjects, as well as our interest in the enforcement of the law of prohibition, calls for more workers.

It may be of interest to the public to know that for more than forty years the Woman's Christian Temperance Union has been working for the Americanization and child welfare of the under less high-sounding names, so that we have adopted the new names to an old, old work.

In closing, let me again deny most emphatically that the Woman's Christian Temperance Union is seeking either to take tobacco from its adult users or to force any blue laws upon the public.

(Mrs.) EMMA SANFORD SHELTON, President, Woman's Christian Temperance Union, District of Columbia.

# CITY CLUB TO BUILD BIG \$300,000 HOME

## Members Vote to Erect Permanent Clubhouse on G Street Near 14th.

Adoption of a final plan for the erection of a permanent home for the City Club, at a cost of \$300,000, featured the meeting of the club last night in the clubhouse, Farragut square. It is expected that work on the project will start within thirty days, or sixty days at the latest.

The plan calls for initiation at once of the various steps necessary to begin construction, including the letting of contracts for the work. Stanley Horner introduced the resolution endorsing the building project and authorizing the board of governors to proceed immediately with the plan.

The method of temporarily financing the project, as outlined in a resolution introduced by D. J. Callahan, necessitates the raising of between \$125,000 and \$130,000 by loans at 10 percent. A total of \$200,000 is required to clear the site, on G street near 14th street, of all indebtedness, and the difference between the aggregate of the loans and the amount needed is already available in cashable assets, it was stated.

**Report on Finances.**

A finance committee of ten members which was recently appointed by President Whitfield to secure these loans from the members reported through its chairman, John Dolph, that no difficulty had been met with in oversubscribing the necessary amount. Mr. Dolph said that \$500,000 could be raised if desired, he thought.

The \$300,000 clubhouse planned will provide more space for club facilities than did the \$100,000 home originally talked of. The final project eliminates bedrooms, swimming pool and bowling alleys planned for the more expensive structure, but it was explained that the pool and alleys could be installed later if funds permitted.

The clubhouse will be a four-story structure, the street floor of which will be turned into large stores. The second floor will consist mainly of a large dining room. On the third floor will be provided exclusive club facilities, including a lounge, reading room, library, cardrooms and billiard room. The upper story will contain a gymnasium and auditorium combined.

**Stores to Rising Revenue.**

The stores on the first floor are expected to produce revenues sufficient to offset the elimination of the five floors of bedrooms originally proposed.

Thomas Bones, a member of the building committee, developed the plan for the home, and exhibited drawings of the building as conceived by Frederic B. Pyle, the club's architect.

Ex-President Wilson was a victim of shrewd and more seasoned diplomats at the peace conference in Paris, but he was the victim of excessive diplomacy and flattery, Mr. Sullivan declared.

# HUNGARIAN TROOPS RALLY TO EX-RULER TO STRIKE CAPITAL

## (Continued from First Page.)

notariary of Regent Horthy, has been sent to St. Petersburg to inform the Hungarian town near the Austrian border where former Emperor Charles has taken refuge after his vain attempt to regain the throne.

Count Bethlen, who at one time was adviser to the former premier, Archduke Joseph, and who is now in charge of the Hungarian army, is reported to have been ordered to suppress any civil war movement, should any be attempted. Premier Teleky and Count Julius Andrássy, former foreign minister and friend of the former ruler, accompanied Count Bethlen to the frontier to persuade Charles to leave Hungary immediately.

Bishop Count Miklos, who with many representatives of the Hungarian aristocracy was at Steinamanger with the former emperor, has been arrested charged with being the head of the movement to restore Charles to the throne. Gen. Lehar, in command at Steinamanger, who was suspected of backing the former monarch, was today being held by the Hungarian army, asserted today he was loyal supporting Regent Horthy against the plotters.

Gen. Belitska, the war minister, declared: "The former king is not supported by the troops. The army, as one man, is standing behind Regent Horthy. Charles is a prisoner, rather than a guest at Steinamanger."

Amidst stormy scenes a mass meeting, called by the former emperor, adopted a resolution asserting that "Charles and all the Hapsburgs have definitely dethroned." The farmers demanded the annulment of the throne act and also that those guilty of aiding Charles be punished.

The newspapers have not yet been permitted to publish news of the attempted coup, but it gradually is being learned by the populace, who knew nothing of it.

# SEE CHARLES' MISTAKE.

**British Say Monarchists Advised Time to Return Was Rip.**

LONDON, March 31.—British official circles express the opinion that former Emperor Charles in his attempt to regain the throne of Hungary was misled by monarchists, who advised him that the time was ripe for his return to Hungary. The advice of Regent Horthy to Charles to leave the country immediately is regarded here as substantiating the view that there is no support for a monarchist restoration in Hungary at present.

The Hungarian regent realizes, it is said, that while there are Hungarian elements who welcome a restoration of the monarchy, the great majority of the people are convinced the Hapsburgs, and particularly Charles, cannot assume the royal power.

**USED FRAUD AT BORDER.**

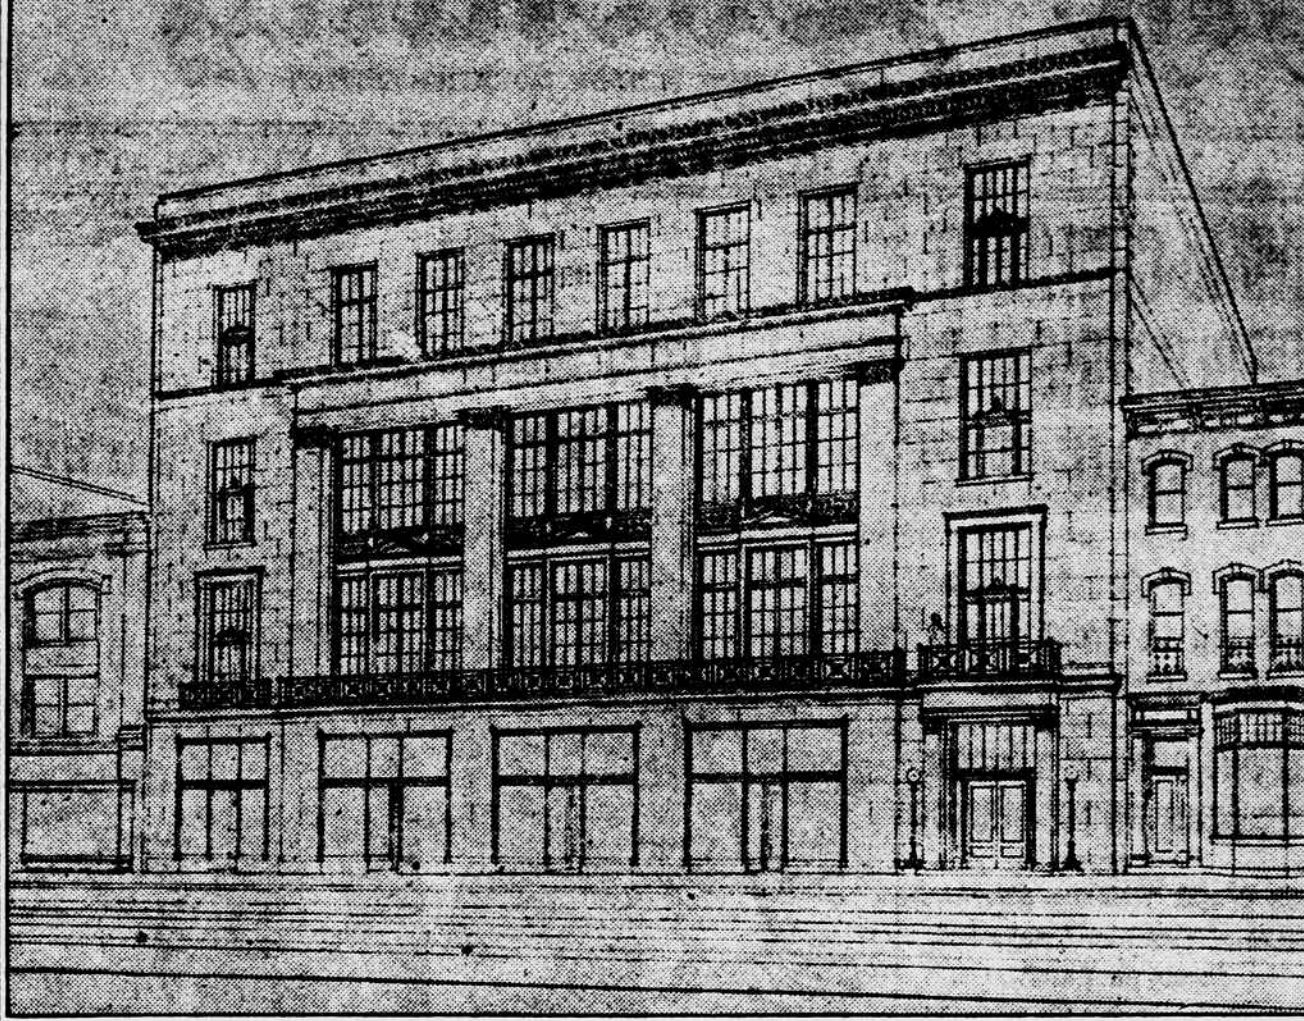

**Passed on Passport as Red Cross Official.**

PARIS, March 31.—Former Emperor Charles, who fled from Hungary after his defeat, is reported to have used a passport as a Red Cross official to cross the border into France. The passport was issued by a Hungarian official, who is reported to have been a member of the Hapsburg family.

## Officer Receives Wound Three Inches Deep While Arresting Negro Youth.

# LIEUT. MARTIN REILLY.

Lieut. Martin Reilly of the first police precinct was stabbed in the left side this morning shortly after 1 o'clock, while making an arrest in the Colosseum, Pennsylvania avenue and 7th street. Joseph Alexander Harris, colored, twenty-three years old, 2020 E street, was arrested by the lieutenant and held on a charge of intoxication and for investigation.

The wounded police official was taken to Emergency Hospital, where it was found he had received a wound about three inches deep. The attending police surgeon said he thought his condition was not serious. Maj. Giesford, superintendent of police, stated that the man at the hospital this morning.

There was a dance given in the Colosseum last night by a colored Duke Joseph, a strong colored man, who was arrested by the lieutenant at 2 o'clock this morning, and it was about an hour before the closing of the dance.

Lieut. Reilly said he did not know he had been wounded until he discovered blood on his hand. Then, according to the police, Harris asked the lieutenant to stop and let him get his knife. No weapon was found on the floor, but the police believe it was picked up by a witness to the affair.

# CAPITAL HORSE SHOW SET FOR MAY 12 TO 17

William Corcoran Eustis Is Chosen President—Other Officers Picked.

The National Capital Horse Show, Military and Amateur Racing Association announced today that it will hold its regular spring meet on the grounds at the Virginia end of the Highway bridge from May 12 to 17, inclusive.

The decision to hold the show was reached at the first spring meeting of the association, at which officers for the year were elected. Melvin C. Hazen, District surveyor and an enthusiastic horseman, was chosen a vice president and general manager and that will permit freedom of action for the show.

Other officers were elected as follows: Treasurer, William Corcoran Eustis; secretary, Horace H. Rudolph; president, Lutz Anderson, Gen. James A. Buchanan, William P. Eno, Edward McLean, James Parmelee, Gen. John J. Pershing, Col. Robert M. Thompson and Maj. Gen. Leonard Wood.

The executive committee was selected as follows: Eustis, chairman; Hazen, H. Rozier Dulany, vice chairman; and Arthur D. Addison, Gen. Buchanan, Thomas B. Bone, Admiral Cary Carson, Gen. John J. Pershing, Col. Grayson, William P. Hitt, Mr. Hazen, N. L. Luttrell, Maj. Henry Leonard, Commissioner Rudolph, Col. Thompson and Mr. Westcott.

# VIVIANI CONFIDENT OF BLOCKING U. S. SEPARATE PEACE

frame a foreign policy, and therefore the real personality of Viviani will be going on at the Department of State rather than the White House—somehow of a contrast with the experience in the last administration, which followed the utmost frankness. Differences of opinion are not to be indefinitely maintained. There is an expressed desire for partnership with France and European nations along lines that are strictly American and that will permit freedom of action at all times. Former Premier Viviani will carry these views back to the statesmen of Europe, and it is already apparent that international conferences will follow his return to France and an effort to meet the American point of view.

# SHIP BOARD TO MAKE CUT.

**Substantial Reduction Likely in Number of Ship Operators.**

Reduction in the number of operators of Shipping Board vessels and the amount of government tonnage on the various ocean trade routes will be made shortly, in the interest of economy and efficiency, Chairman Benson announced last night.

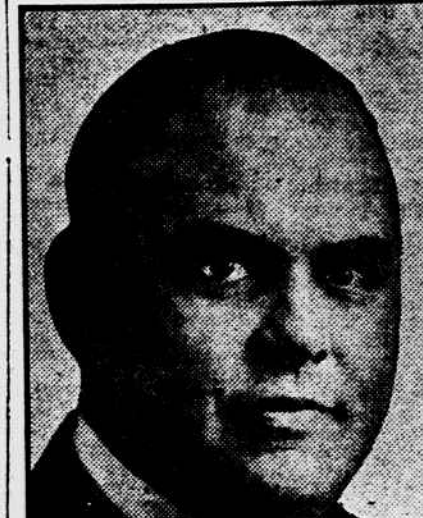

Trade routes already established will be maintained, the chairman declared, but because of the slump in shipping it will be advisable to reduce the tonnage to the workable minimum. Shipping Board operators already have been reduced from about 180 to 97, he added, and it is planned to cut this number substantially.

# PRISONER CHANGES PLEA.

PHILADELPHIA, March 31.—Joseph A. Moss, charged with complicity in the slaying of Henry T. Pierce here last November, has changed his plea of not guilty to guilty to an indictment of being an accessory after the fact. Then, under instruction from the court, the jury acquitted him of the charge of murder. Judge Anderson announced he would sentence the prisoner at the conclusion of the trial of Marie Rogers, indicted on similar charges, which is scheduled to begin today.

## Randolph P. Titus Elected Active Vice President of Texas Bank.

# RANDOLPH P. TITUS.

Randolph P. Titus, a former Eastern High School student, has been elected active vice president of the Security National Bank of Dallas, Tex., according to word reaching here today. In 1914 he was secretary to the late Speaker Champ Clark and later acting secretary to Gov. Hamlin of the Federal Reserve Board in Washington.

Mr. Titus was born in Leesburg, Va., March 1890, and educated at the District public schools. His wife, formerly Miss Virginia Bugler of his school, also attended Eastern High School.

Besides being vice president of the Dallas bank, Mr. Titus is assistant vice president of the Liberty Central Trust Company of St. Louis, secretary and treasurer and director of the Reserve Security Company of St. Louis, and director of the First National Bank of Madison, Ill., and the Union Trust Company of Madison.

He will assume active duties in his new position with the Dallas bank April 4.

# NAVAL AND COAST GUARD OFFICERS SUE SHIP BOARD

**Question Involved Whether Those on Other Pay Rolls May Be Paid for Services Rendered.**

The right of naval and coast guard officers on the active list to receive compensation from the United States Shipping Board's Emergency Fleet Corporation, while drawing their regular pay is raised in three suits filed today in the District Supreme Court.

Capt. Godfrey L. Carden of the coast guard asks judgment for \$7,018 against the Shipping Board for services as special representative of the corporation at Buenos Aires.

Capt. Paul Foley, U. S. N., wants \$5,500 for services as executive officer for the Shipping Board.

Commander Frank P. Baldwin, U. S. N., seeks to recover \$694.45 for services as acting manager of construction from June 1 to July 20, 1920.

The Shipping Board, it is understood, has refused payment on the plea that the officers were receiving their regular pay and allowances for the period when their services were rendered.

The District Supreme Court some months ago upheld the claim of a retired naval officer for compensation from the Shipping Board, in addition to his retired pay, but no case has heretofore been presented on the question of the status of an officer in active service, and receiving the full allowances of his grade.

Twelve other cases are said to depend on the decision of the court in the three cases filed. Attorneys Frank S. Smith and William H. Stanton, Jr., appear for the officers.

# ROOSEVELT STARTS BALLOON INQUIRY

## Little Hope Five Airmen Starting From Pensacola Will Ever Be Found.

By the Associated Press.

Acting Secretary Roosevelt has started a personal inquiry into the flight of the naval free balloon which left Pensacola, Fla., March 22, with five men aboard, and has not since been heard from. The inquiry is preparatory to ordering the usual board of investigation, which probably will not be designated until Secretary Denby returns from Guantanamo April 5.

Mr. Roosevelt said today that the Pensacola affair, coming on the heels of the balloon flight from Rockaway, L. I., to Moose Factory, Ontario, would undoubtedly result in tightening up orders regarding such flights in future.

While the department has not officially given up hope for the five men in the Pensacola balloon, it was admitted that little hope was entertained that the men would ever be found. The search is still in progress in the hope that the gas bag will be found in one of the deep swamps along the Florida coast and that the men are slowly making their way back to the inhabited area.

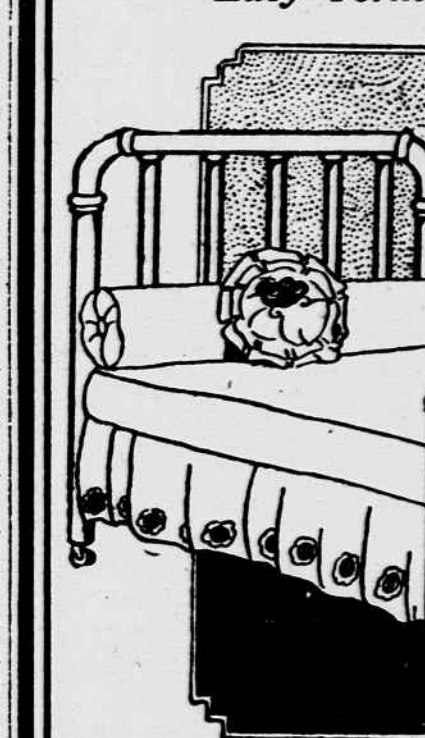

In commenting on naval aviation affairs Mr. Roosevelt announced that he did not favor unification of the Army, Navy and post office services, a proposal which has been agitating the services and many members of Congress for the past two years.
